## ABOUT LEON COUNTY

Leon County was named after the Spanish explorer Juan Ponce de Leon. He was the first European to explore Florida in 1513 in search of the “Fountain of Youth” and named the state after the Spanish word for “flowery.”

Leon County is home to Florida’s capital, Tallahassee, which was established in 1824. Legislative and executive offices, the State House and Senate chambers are located here. As a political subdivision of the state, the County is guided by an elected, seven-member Board of County Commissioners.

Five members of the Board are elected to serve specific commission districts and two members are elected at-large. Leon County is a Council-Manager form of government, and the County Administrator is appointed by the Board to oversee all functions, directives and policies. Florida Statutes, Chapter 125, establishes the powers and duties of the County Commission and the County Administrator. As of November 12, 2002, Leon County is governed by a Home Rule Charter.

## 2022 YEAR IN REVIEW: SERVING, SHAPING AND SAFEGUARDING OUR COMMUNITY

In 2022, Leon County continued to make great progress and serve our citizens amidst seemingly endless challenges, all while striving to set the standard for performance, fiscal stewardship, and best practices for local governments everywhere.

The 2022 Annual Report looks back at the significant progress of the past year. It highlights Leon County's commitment to investing in infrastructure, creating places for people and businesses to thrive, and building a culture of innovation and co-creation, all of which makes our County one of the South's Best places to live, work, and play.

And we did this and so much more in 2022, never losing focus of our ambitious targets and bold goals for the organization and the community, including: growing our local tourism economy, addressing pressing issues like homelessness and hunger, protecting our precious environment and so much more.

### **LIVING OUR CULTURE, SHAPING OUR COMMUNITY**

This annual report to the Board of County Commissioners and our community, demonstrates the importance we place in Leon County on having a clear vision and a culture built upon our core values and practices. Our dedicated employees take special pride in setting the standard each day by providing essential services like EMS, Public Works, Parks, libraries, and so many others that serve and shape our community.

*New playground at Pedrick Pond Park*

While addressing the critical needs of this time, we remained focused on executing our long-term strategy of building and diversifying our local economy by landing Amazon. This game-changing project will bring more than 1,000 full-time jobs to our community and \$100 million annually in local economic impact. Soon, Amazon will complete its \$200-million, 630,000-square-foot facility – the largest facility in the region with a footprint of 170 acres.

*NCAA Championships at Apalachee Regional Park*

**Coming in 2026 to Apalachee Regional Park: The World Athletics Cross Country Championships**

With that same dedication to ensuring our community's brightest future, Leon County made great strides in enhancing our quality of life and protecting our precious water bodies through the removal of hundreds of septic tanks on the southside and through opening and improving green spaces for all to enjoy, adding nearly 10 miles of trails throughout Leon County and 18 acres to the County's park inventory through Pimlico and Man-O'-War Parks.

Due to results like this, in 2022, our dedicated County employees received dozens of state, national, and even international awards for

MANAGEMENT ASSOCIATION

## Vincent S. Long Earns Top Award for Local Government CEOs Internationally

The International City/County Management Association (ICMA) has recognized Leon County Administrator Vincent S. Long as the 2022 recipient of the Award for Career Excellence, the highest honor for a local government CEO internationally. Vince earned this honor for his leadership in implementing transformational projects and policy, managing historic crises, protecting public safety during disaster, and consistently setting the highest standard in public service and transparency. He has demonstrated success in leading an organization that delivers transformational projects, fosters strategic partnerships, and achieves community priorities year after year.

exceptional public service and leadership. These efforts not only continue to make our community even better, but they have also been key to keeping Leon County among the most efficient and affordable counties anywhere.

From our commitment to fiscal stewardship to our nationally recognized programs, the men and women of Leon County Government have a lot to be proud of in 2022 as they continued to drive performance and deliver results to our citizens.

### **ENGAGING CITIZENS AS CO-CREATORS**

We continued to keep our community engaged with initiatives like our annual 9/11 Day of Remembrance and Service, honoring the victims, survivors, and others who rose in service in response to the tragic events of September 11, 2001. During this year's Day of Service, more than 60 volunteers came together to revitalize 15 homes in the Capital City Estates neighborhood along with the steeple of the nearby Crossway Baptist Church.

We also continued the important conversations about race and engaged hundreds of citizens through our award-winning Created Equal program on voting and racial inequity. This program included speakers both local and statewide and encouraged attendees to advocate for voter engagement and consider whether we all have equal access to our right to vote.

Thanks to our continuous efforts to grow our local tourism economy, we are recognized perennially as one of the South's best destinations. With live music and events roaring back in 2022, we had another record year for local tourism, with \$1.2 billion in economic impact and nearly 2.3 million visitors.

One such event was the 2021 NCAA Cross Country Championships, which Leon County hosted at Apalachee Regional Park and before a national audience. This was the first time in the event's 80-year history that it was held in Florida. And because we created the premiere venue for cross country in the nation, our finish line is nowhere in sight—as we

were selected and are now preparing to host the world cross country championships in 2026.

### **SETTING THE STANDARD IN PUBLIC SERVICE**

As the year went on, the COVID-19 pandemic continued to demand the very best of our organization. The County neared completion of the Leon CARES program by leveraging more than \$138 million in federal funding to quickly address the community's most urgent needs.

Through the Leon CARES program, our teams led the COVID-19 response by providing direct assistance to more than 8,000 households and nearly 1,000 businesses, funding more than 180 nonprofits, distributing 4.1 million meals to the food insecure, investing \$6.7 million to increase contact tracing and testing and so much more – all while EMS responded to more than 13,000 urgent COVID-19 calls. Through our commitment to public health and safety, Leon County was recognized as the number one county in Florida for distributing emergency relief during the pandemic.

### **BUILDING ON OUR PROGRESS**

As we look ahead, we know we will continue to face the same challenges as communities everywhere else, but at Leon County, we remain committed to listening to the people we serve, addressing the challenges we face together, and striving to be a place like nowhere else.

And we cannot do this alone. Thank you for your continued confidence in the work we do on behalf of and alongside our citizens to make our community even better.

Here's to 2023!

# L.E.A.D.S.

A STRUCTURE TO SUPPORT OUR *PEOPLE FOCUSED. PERFORMANCE DRIVEN. CULTURE*

## HOW LEON COUNTY LEADS

Continued throughout Leon County Government in FY 2022, Leon LEADS is a strategic approach to aligning the Board's guiding vision and strategic priorities with the optimized resources of the organization. LEADS provides a structure to support and sustain our *People Focused. Performance Driven.* culture through a continuous process that looks inward to strengthen what works and abandon what does not, looking outward to receive feedback from citizens and leverage partnerships that adjust as conditions change.

County employees are more committed than ever to delivering the quality of service our citizens deserve for their tax dollar, working with our community to tackle the tough problems of today and ensuring our quality of life into the future. Below are just a few highlights of how the County's LEADS framework supports an organizational culture that simply but powerfully combines performance and relevance.

### **COMMUNITY CONVERSATIONS FOCUS ON TACKLING FOOD INSECURITY**

Leon County Government hosted nine neighborhood dinners with citizens to discuss food insecurity and how to address the issue in our community. In partnership with Second Harvest of the Big Bend and the Children's Services Council of Leon County, the "Breaking Bread" meetings were held in neighborhoods with the highest food insecurity rates in Leon County.

Approximately 300 citizens attended the meetings and shared ideas about the barriers facing those who are food insecure. Utilizing feedback from the neighborhood meetings, the County is now taking additional steps to address food insecurity in the community, including collaborating with partner organizations to engage the neighborhoods with the highest food insecurity rates and providing additional funding for Second Harvest's Mobile Pop-up Pantry Program.

### **A PREPARED COMMUNITY IS A RESILIENT COMMUNITY**

Leon County encourages citizens to prepare for the Atlantic hurricane season each year by developing an emergency plan and filling a five-gallon bucket with essential supplies. Creating a household plan can help protect property, but most importantly, save lives.

- L**istens for Changing Needs
- E**ngages Citizens and Employees
- A**ligns Key Strategic Processes
- D**elivers Results & Relevance
- S**trives for Continuous Improvement

As part of its ongoing commitment to keep the community safe and resilient, this year, Leon County launched LeonReady.com, a hub of resources to help citizens, families, and neighborhoods prepare for disasters. The County also began offering Neighborhood Readiness Trainings to equip unincorporated communities with the tools necessary to prepare, act, and recover when a disaster strikes.

So far during the 2022 hurricane season, Leon County staff have held 15 readiness trainings with more than 300 participants across the County. These trainings taught critical skills that encouraged families and neighborhoods to prepare for disasters together.

### **ENGAGING CITIZENS THROUGH PUBLIC ART**

Over the past year, Leon County has continued to partner with the Knight Creative Communities Institute (KCCI) on multiple projects to bring more art into public spaces.

In September, Leon County and KCCI hosted the Brushstrokes for Books community mural painting event at the downtown Leon County Main Library. More than 100 community volunteers worked together to paint the 285-foot retaining wall to beautify the library's entrance, welcome

visitors to the space, and help enhance the County's sense of place by adding new public art to the community.

This year also saw the launch of the Fully Booked placemaking project at three County libraries. In partnerships with the Friends of the LeRoy Collins Leon County Public Library and KCCI, Leon County launched the Wander & Wonder Story Trail outside the Eastside Branch Library, Jane G. Sauls Fort Braden Branch Library, and Woodville Branch Library. The story trails bring families to the great outdoors to read together while enjoying Leon County's scenic parks and trails.

## OUR VALUE PROPOSITION

Leon County Government leverages partnerships, embraces efficiency and innovation, and demands performance to the benefit of our taxpayers. We actively engage our citizens, not only as taxpayers but as stakeholders and co-creators of our community-providing meaningful opportunities to capitalize on their talents in making important decisions and shaping our community for future generations.

## INNOVATOR AND INSPIRATOR AWARDS CONTINUE COST SAVINGS AND NEW EFFICIENCIES, SAVING OVER \$8.2 MILLION TO DATE

Leon County is an organization that rewards its employees for innovative ideas, teamwork, strategic processes, efficiency, and the ability to achieve positive results. The I<sup>2</sup> (Innovator/Inspirator) Award conveys the value Leon County Government places on employee-led improvements that result in increased efficiencies, enhance or support the delivery of County services, reinforce Leon County’s relevance in the community, and exemplify the County’s Core Practices in the workplace. Examples of such improvements include the following:

- ▶ The Office of Economic Vitality and the Department of Environmental Support and Management (DSEM) worked together to bring an Amazon robotics fulfillment center to Leon County, creating more than 1,000 full-time jobs, paying a starting wage of at least \$15 an hour with industry-leading benefits starting on day one. This project will bring in \$167.6 million in wages and approximately \$451 million in local economic impact. County teams were instrumental in recruiting Amazon and securing the necessary permits for constructing a 630,000-square-foot facility.
- ▶ The Leon CARES Nonprofit Assistance Grant Program was launched to provide financial assistance to the local non-profit community financially impacted by COVID-19. The program was developed in under one week, utilizing existing staff and resources, which resulted in significant cost savings for the County while maintaining a swift review process. The review team, comprised of five County team members, established an efficient review process that allowed them to distribute over \$1 million in less than two weeks.

Innovator Award: OEV and DSEM for Amazon Project

Inspirator Award: Leon CARES Nonprofit Assistance Grant Program Team

- ▶ GIS and Tourism staff worked together to develop a GIS map for the World Athletics Cross Country Championships bid. The map added a level of strength and sophistication to the bid that undoubtedly led to Leon County being awarded the 2026 World Athletics Cross Country Championships at the award-winning Apalachee Regional Park. The event will bring in an estimated economic impact of over \$4.3 million.
- ▶ Human Resources staff converted the Junior Apprenticeship handbook and orientation to an electronic and virtual process. This project decreased both material expenses and staff time taken to produce and update the Junior Apprentice handbook each semester, and increased the quality, quantity, timeliness, and efficiency by which County services and products are delivered.

The I<sup>2</sup> Awards recognize employees and inspire others to reinforce the County’s Core Practices in the workplace. Since its inception in FY 2015, the I<sup>2</sup> Employee Awards program has saved the County a total of \$8.2 million, including nearly \$2 million in recurring costs and over \$6 million in one-time costs.

# LEON COUNTY ATTORNEY

## CHASITY O'STEEN

### County Attorney

850-606-2520

OSteenC@LeonCountyFL.gov

Chasity H. O'Steen was selected to serve as the County Attorney beginning April 1, 2020. Ms. O'Steen is a 2003 graduate of the Florida State University College of Law, former General Counsel of both the State of Florida, Department of Management Services and Department of Financial Services. She brings with her a wealth of experience gained over sixteen years in State government and the private sector, practicing in areas of law relevant to local government such as ethics, policy, procurement and contract issues, public records, federal and state grant funding, labor and employment law, finance, real estate and civil litigation.

Ms. O'Steen leads a team of skilled professionals in providing legal support to the Board and other officials of Leon County Government.

The County Attorney's Office continues to provide legal support to Leon County Government as needed on matters related to COVID-19 and its variants. Office personnel researched and worked with Administration staff to develop federal grant funding agreements, contracts, and associated documentation for use with vendors, area agencies, not-for-profits, local businesses, citizens, and local government entities receiving funds under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Leon CARES, and/or the American Rescue Plan Act of 2021 (ARPA) for qualifying projects, goods, and services and to ensure the distribution of funds to the community. Office personnel also worked with Administration staff to apply the Families First Coronavirus Response Act provisions within Leon County Government, and to develop policies and procedures to address pandemic-related issues impacting County personnel.

### The County Attorney's Office also:

- ▶ Assisted outside counsel in representing Leon County in the matter of Florida Department of Health – Notice of Violation, DOH Case No. 2021-0243, wherein the Department of Health, in October 2021, assessed a fine of \$3,570,000 against Leon County for alleged violations of Section 381.00316, Florida Statutes. The Notice stated, in part, that "Leon County Government required 714 employees, or former employees. . . to provide documentation certifying COVID-19 vaccination in order to gain access to, entry upon, or service from the governmental entity's operations in this state. . ." In November 2021, Leon County filed a Petition for Formal Administrative Proceedings with the Department contesting the fine. The Department entered an Order Dismissing Petition Without Prejudice, and the County responded by filing an Amended Petition for Formal Administrative Proceeding. Subsequently, the parties entered into a settlement agreement. The County confirmed that its Vaccination Requirement Policy had been rescinded as of November 18, 2021, when a new state law became effective, and that it will not reinstitute the policy in the future to the extent that it is preempted by law. Additionally, the County agreed that any former employee who was terminated for not complying with the policy could be considered for re-employment. The Department agreed to waive the fine levied against the County and entered a Final Order closing the proceedings and adopting the settlement agreement.
- ▶ Continues to work with outside counsel in representing Leon County in the multidistrict opioid litigation against multiple opioid manufacturers, distributors, and retailers. The complaints filed in this litigation include allegations of the manufacturer defendants' false, deceptive, and unfair marketing of opioids, as well as the distributor defendants' unlawful distribution of opioids. The Board has previously approved participation in various multidistrict settlement agreements, and at its meeting on July 13, 2021, approved entering into a Memorandum of Understanding with the State of Florida which governs how the proceeds allotted to the State will be allocated between and among the State and local governments. As provided in the MOU, all funds received will be divided into three funds (City/County Fund, Regional Fund, State Fund) after expense fund costs are deducted. It is currently contemplated that settlement payments will be paid over 18 years, with use restricted to abatement and treatment of opioid use disorder and other limited uses. It is anticipated that most of the outside multidistrict litigation counsel will be paid through an attorney fund established at a national level, but a percentage of the local government distribution may also be used to fund attorneys' fees.
- ▶ Continues to represent Leon County as a Plaintiff in the firearms preemption litigation, Broward County v. State of Florida, et al., Circuit Court Case No. 2018 CA 882, wherein the Plaintiffs challenge the related penalty provisions in the Florida Statutes, which allow certain monetary damages and other penalties to be imposed against any individual who enacts or causes to be enforced a preempted firearm regulation. The trial court ruled, in part, in favor of the Plaintiffs, finding the penalty provisions violated doctrines of legislative and governmental function immunity. However, the State appealed the trial court's ruling, and the First District Court of Appeal ruled that "neither discretionary-function nor legislative immunity shields local governments and officials from the challenged statutes," thereby reversing the opinion of the trial court. On April 23, 2021, the Plaintiffs filed a petition with the First District Court of Appeal, requesting the court certify the question of legislative immunity and government function immunity to the Florida Supreme Court as being of great public importance. The motion for certification was denied. On June 16, 2021, the Petitioners filed notices to invoke the Supreme Court's discretionary jurisdiction, and on September 9, 2021, the Supreme Court accepted jurisdiction in this matter and directed briefs be filed by the parties. Oral Argument was held June 9, 2022, and the parties are awaiting the Court's opinion.

# COUNTY ATTORNEY OFFICE HIGHLIGHTS

- ▶ Assisted outside counsel in defending Leon County in *Michelle Fraser v. Patrick Williams and Leon County and Leon County v. Barkley Security Agency, LLC*, Circuit Court Case No. 2019 CA 1736, wherein the Plaintiff in the first action alleges misconduct by Defendant Williams who was an employee of a Leon County subcontractor at the time of the alleged incidents at the Leon County Pre-trial Intervention office. On March 9, 2021, Leon County and Barkley Security Agency entered into a settlement agreement regarding the third party complaint in this matter; however, Barkley Security Agency delayed complying with the terms of the settlement agreement. Leon County's Motion for Summary Judgment as to the initial complaint was granted in November 2021. The third party complaint filed by Leon County against Barkley Security was subsequently voluntarily dismissed on June 8, 2022, when Barkley satisfied all conditions of the previously agreed to settlement agreement.
- ▶ Represented Leon County in *Leon County v. Fallschase Commercial Property Owners Association, Inc., and CPP Fallschase II, LLC*, Circuit Court Case No. 2019-CC-661, wherein the Defendants failed to maintain the landscaping within the median of Fallschase Parkway, thereby creating public safety concerns. To ensure the public's safety in this regard, the County performed landscaping maintenance at its own expense and attempted to collect those expenses from the Defendants. The Defendants refused to reimburse the County and a lawsuit was filed in County Court to recover the expenses. The County also filed a Petition for Declaratory and Injunctive Relief in an effort to have the Court order the Defendants to properly maintain the landscaping along Acadian Boulevard and Fallschase Parkway. Court-ordered mediation was held on September 14, 2021, after which the parties entered into a Mediation Settlement Agreement with a final date of December 1, 2021. As a part of the Settlement Agreement, CPP Fallschase II, LLC and Fallschase II SPE, LLC, agreed to assume responsibility for the future care and maintenance of the landscaping, and CPP Fallschase II, LLC, agreed to reimburse the County \$6,128.
- ▶ Continues to assist outside counsel in defending the County in *Steven Dewitt v. Caressa [sic] Haney, Trent Sexton, Melanie Pretti, and Jane Doe*, U.S. District Court, Northern District of Florida, Case No. 4:21cv340-AW-MAF, wherein the County represents a Leon County employee being sued for alleged actions taken during the course of her employment with the County. Plaintiff was asked to leave the Office of Intervention and Detention Alternatives in July 2021, and as a result, on August 16, 2021, he filed a complaint in Federal Court

alleging his civil rights had been violated and demanded \$100,000 in relief. In January 2022, the County filed a motion to dismiss the complaint. On May 9, 2022 and on June 1, 2022, the magistrate filed an Order and Report and Recommendation, recommending the County's motion to dismiss be granted. The County is awaiting the final order from the Court. On June 10, 2022, Plaintiff filed his Third Amended Complaint, in which he now seeks to sue the Leon County employee in her individual capacity.

- ▶ Continues to assist outside counsel representing Leon County in *Leon County, Florida v. Mellie Delores Clark, et al.*, Circuit Court Case No. 2021 CA 000396, wherein the County is seeking to foreclose a lien stemming from a code enforcement order finding the owner maintained a dilapidated structure on the property. The property continues to be out of compliance with the Leon County Code of Laws. In an effort to resolve the litigation and ultimately bring the property into compliance, Leon County recently filed its Motion for Summary Judgment, and after hearing argument from the parties, the Court ruled in favor of Leon County and entered its Order Granting Final Summary Judgment, dated June 6, 2022. The County will seek entry of a Final Judgment of Foreclosure and Order of Sale from the Court.

In addition, the County Attorney's Office provides legal support to County staff in all of its real estate transactional and right-of-way acquisition matters, which in the past year included:

- ▶ Lease agreements for County-owned properties, such as the Leon County Government Annex and the Lake Jackson Town Center.
- ▶ Continued sales of County-owned real property appropriate for use as affordable housing in cooperation with the Housing Finance Authority of Leon County, resulting in significant proceeds to the HFA to be used for affordable housing purposes.
- ▶ Acquisition of utility easements, drainage easements, whole parcels, and other rights-of-way needed for the County's capital improvement projects, including the Woodville area septic-to-sewer projects, the Maylor Road drainage improvements project, the Old Bainbridge Road / Capital Circle NW intersection improvement project, and the Blountstown Highway Sidewalk Project to serve the Fort Braden School area as part of the Safe Routes to School Program.

- ▶ Assistance to Real Estate staff in securing the donation to the County of Pimlico Park and Man O War Park.
- ▶ Assistance to Real Estate staff regarding the Lake Hall School House property.

In the past 12 months, the County Attorney's Office has responded to over 1,300 requests for legal advice or assistance, including reviewing, preparing, and/or signing ordinances, resolutions, proclamations, agenda items, contracts, various housing, land use, and other real estate documents, as well as employment, procurement, and litigation documents, and responding to public records requests. The County Attorney's Office provided legal support to the Planning Department for the 2022 Comprehensive Plan cycle and the Department of Development Support and Environmental Management in the approval of all Land Development Code revisions and applications for development approvals. Of note, the County Attorney's Office advised and assisted staff in the review and drafting of the Sign Code to ensure that the County's sign regulations are consistent with recent United States Supreme Court decisions regarding the First Amendment protection of free speech. The County Attorney's Office also represents Leon County before the Tallahassee-Leon County Planning Commission, the Board of Adjustment and Appeals, the Code Enforcement Board, and the Development Review Committee, and for the 2022 elections, the County Attorney's Office will be representing the Leon County Canvassing Board. Attorneys have provided legal review of ordinances and office personnel have assisted with significant revisions to the Code of Laws concerning the Rural Zoning District, Local Emergency Management, Local Provider Participation Fund Non-ad Valorem Assessment and Directed Payment Program for Hospitals, Code Enforcement, Commission District Boundaries, Homestead Exemption for Persons 65 and Older, Water Quality Treatment Standards, and contraction of the boundaries of the Fallschase Community Development District, as well as amendments to various elements of the Comprehensive Plan. The County Attorney's Office continues to be active in efforts to keep the County's lakes clean and has worked diligently with the Florida Department of Environmental Protection and the U.S. Environmental Protection Agency to reduce nutrient levels coming into Lake Talquin from Georgia.

# DELIVERING ON OUR PRIORITIES: AMAZON FULFILLMENT CENTER

As a part of Leon County's commitment to support job growth and diversify the local economy, the Amazon robotics fulfillment center will open in late 2022, creating 3,600 new jobs, \$167.6 million in wages, and generating approximately \$451 million in local economic impact. In 2021, Amazon selected Leon County for its fulfillment center to better serve its customers across the state. The new 630,000-square-foot fulfillment center is the largest facility of this type in the entire Tallahassee Metropolitan Statistical Area, which includes Leon, Gadsden, Jefferson, and Wakulla counties.

# COMMUNITY RELATIONS AND CITIZEN ENGAGEMENT

## PROVIDING TRANSPARENCY AND ENGAGING CITIZENS

Leon County continues to grow citizen involvement and engagement through its commitment to programs that help shape the community, including the Citizen Engagement Series, Library Lecture Series, and the Club of Honest Citizens.

The nationally recognized Leon County Citizen Engagement Series returned this year with a training on disaster resilience. Focused on building community preparedness and resilience to withstand man-made and natural disasters, the program invited citizens to step behind the scenes at the County's Emergency Operations Center to learn about disaster preparedness with local public safety experts. County staff, nonprofit partners, and public safety officials offered sessions on various topics, including disaster preparedness, emergency communication, and the importance of having an evacuation plan.

Further engaging citizens of all ages, the Leon County Library Lecture Series hosted three events with diverse speakers and topics. Mark Friedemann gave a moving lecture in honor of International Holocaust Remembrance Day about the life of his father, Richard Friedemann, a

Holocaust survivor who fled to the United States and later settled in Tallahassee. The next Library Lecture featured Florida A&M University Assistant Professor Dr. Kendra Mitchell, who led an interactive and interpretive discussion about the life and works of American novelist Toni Morrison and the power of community. Finally, the Library hosted a panel of local experts discussing the tools and skills needed to create impactful relationships in the areas of networking, apprenticeship, and mentoring.

Perhaps one of the best examples of engaging citizens through community spaces is the Fully Booked placemaking project, which promotes literacy and inspires a love of art and the great outdoors. In partnership with the Friends of the LeRoy Collins Leon County Public Library and Knight Creative Communities Institute (KCCI), Leon County unveiled three new installments of the Wander & Wonder Story Trail outside the Eastside Branch Library, the Jane G. Sauls Fort Braden Branch Library, and the Woodville Branch Library. As part of the placemaking project, the beautiful Pedrick Pond Park near the Eastside Branch Library is now home to a hammock garden and book benches for all to enjoy.

The award-winning program invited citizens to examine how national and statewide perspectives on voting access and security impact our local community.

The program addressed the questions: Are elections fair and secure for everyone? Should we be doing more? Connecting academic experts, community members, and advocates, the discussion looked at voter security and the right for all people to vote and encouraged attendees to advocate for voter engagement among family, friends, and within our community.

On April 22, 2022, Leon County Government and the Office of Economic Vitality hosted the seventh annual Leon Works Expo. After last year's successful virtual Leon Works Fall Preview event, the Expo returned in person this year, connecting more than 750 high school students from the Big Bend region with hundreds of academic institutions, private businesses, non-profit agencies, and public sector partners with emerging skilled career opportunities.

The Leon Works Junior Apprenticeship Program is just another way that Leon County is preparing to meet the needs of the future by providing skill-building positions to local high school students. This year, nine students worked in Leon County departments, shadowing and assisting a County staff member while getting paid and earning an elective credit toward their high school diploma.

The Leon Works Expo and Junior Apprenticeship Program are a valuable part of the County's talent retention strategy and allow students to gain more information from local employers and academic institutions on internships, apprenticeships, and job opportunities. Leon Works builds upon the County's continued efforts to develop and sustain a rich local economy filled with the best and brightest workers who choose to define their own success.
